Russel Cox

Cox Construction Ltd.

Background

Russel Cox is the founder of Cox Construction Ltd., a family-owned heavy civil and road construction company based in Guelph, Ontario. Established in 1946, Cox Construction has grown under Russel's vision and leadership into a trusted name in road building, asphalt paving, aggregates, custom crushing, equipment rental, and winter maintenance services across Ontario.

Russel built the company on a foundation of hard work, craftsmanship, and integrity, setting high standards for quality and safety that continue to guide the organization today. His commitment to excellence and long-term community impact has left a lasting mark on Ontario's construction and aggregates sectors. Through decades of leadership, Russel Cox established a legacy that continues to shape both the company and the industry it serves.
